STRAIN	LINEAGE	WEEKS	AVG D#	SAT/IND	THC	CBD	YIELD	BREEDER	LOOK	TASTE	EFFECT	BEST FOR	GROW INFO & NOTES
Adonis	The White x Green Ribbon BX	8-9	59	20/80			High	Exotic Genetix	Resinous	Sour funk	Unknown		Multi-topped bush grows med-tall
Black Cherry Soda (GP)	Unknown	8-9		70/30	18-25%		Med-High	Subcool?	Purple, tight buds	Crisp berry, cream exhale, many say tastes amazing	Strong & long lasting		Known as very flavorful with bag appeal. Very resinous, stays short, chunky buds. It does well being pruned, LST is not recommended for this strain as it will become "bushy" on its own accord from pruning.
Bloodhound													
Blue Cheese	Cheese x Blueberry	8-9	60	20/80	20-25%		High	Unknown		Blue cheese & blueberries	Euphoric, relaxing		Very strong flavor & smell that people really like. Short stocky plant

Cherry Pie 50	Granddaddy Purp x F1 Durban	8-9	60	20/80	16%		High	Unknown	Chunky, trichs, orange hairs. Good bag appeal	Baked goods & cherry	Euphoric, energetic, relaxing		
Choc Hashberry							Low	Unknown		Choc, berry			
Dark Matter	Rusty Haze x Cherry Thunderfuck	9-10	63	70/30	15-20%		High	Unknown		Lemony mango	Dreamy head high		Easy to grow, high yielding hashy bud. Always allow plants to get 55 days old from sprouting, before starting to flower for maximum resin production.
Dogwalker													
Durban Poison	F1 sativa x Skunk	8-9	60	90/10	15%		High		Large buds, resinous	Sweet licorice or anise	Euphoric, uplifting		Easy to grow
Flaming Cookies	Girls Scout Cookies x Fire OG	9-10	67	40/60	25%		High	Cannavature	Purple, lime coloring	Herbal, nutty, vanilla	Positive, relaxing		3 cuts out there, one better yielding. The yield is below average to average but the quality is top shelf. My two favourite Flaming Cookie cuts are #2 and #3, with #2 being my absolute favourite.
G13 (Government Indica)	Unknown		63	Indica	15-20%		Med	Goveremnt	Large tight buds	Light Mandarin	Heavy body high & mind relaxing		Tight buds
Girl Scout Cookie													
Gorilla Glue #4	Chem Sister x Sour Dubb	9-10	67	Sativa dom			Med-High	Joey's Whales	Extremely Resinous	Lemony pine, glue	Relaxing		
Grapefruit				Sativa dom									
Green Crack	89 SSSC Skunk #1 x Unknown Indica	7-8	53	70/30	15-20%		Med	Unknown		Super sweet fruity candy	Euphoric		Fast flowering easy to grow. Very resinous. If vegged bit longer, will surprise with descent yield around 450-500g per square meter indoor. She like to be trimmed from the bottom "lollopped" and pruned/topped to get best yield off her.
Gutbuster #1													
Gutbuster #2													
Indiana Bubblegum	Bubblegum	8-9	60	50/50	20%		Med	Serious Seeds	Compact, resinouse buds	Sweet & fruity	Euphoric, giggly

Jaegermeister	Unknown	8-9	60	20/80	19-25%		High	Unknown	Long forest green nugs rich purple undertones, orange hairs	Sweet black licorice with diesel	Hard hitting, relaxing		Great yield. Early to bloom. Stretches very fast with four inch internode gaps during bloom cycle. (1000w HP's) Pungent scent with piene terpene qualities. Reminisce of trainwreck.
Jedi OG	Sister pheno Vadar OG	8-10	66	Indica Dom	15%	2%		Ocean Grown	Frosty, dense	Tangy, earthy	Relaxing, cerebral		Expect to be topped & vegged
Locomotion	Blue City Diesel x Trainwreck	7-9	63	30/70				TGA Subcool		Skunky diesel, sour fruit	Dreamy head high		Top early and at least a couple of times to produce a few main cola's and allow for some extra veg time.
Locomotion #1													
Locomotion #2													
Mango	Mango x KC33	9-11	53	0/100	20%	10%	Med	KC Brains 1991	Dark green. Purple red hues	Mango, sweet	Relaxing, trippy buzz		Known as very flavorful with bag appeal. Very resinous, stays short, chunky buds. LST is not recommended for this strain as it will become "bushy" on its own accord from pruning. Short plants, metre high at maturity, unusually strong side stems. large buds which can grow as long as an extraordinary 40 centimetres and are heavy with sticky resin. Indoors, Mango is slow starter, but changes & plant's vigorous growth needs pruned. Using the SOG growing method, flowering time is from 7-9. Outdoors, warm sunny position and in northern hemisphere, ready second half of October.
Moonshine Ghost #3													
Moonshine Ghost #7	Blue Moonshine & Ghost OG	8-9		Indica Dom			High	Rare Dankness		Sweet zesty lemon	Light & floaty, heaviness creeps in later		
Mrs.Universe #1													
Mrs.Universe #2	Starship x Kali Mist Dess'tar x Space Queen	9-10	66	60/40 50/50	20%		High	Dynasty Seeds	Green w/brown hairs	Pineapple, hashy, vanilla	Trippy body & head		Stable, high resistance to disease/pests. Pheno #1 (40%) xmas tree structure, smells and flavors or pineapple/hazy caramels/haze with hints of berry. 9 week bloom, PM resistant, and tight inter-nodal spacing. 1x stretch. Pheno #2 (30%) by far the sweetest pheno, she expresses more cherry/berry than the others. slightly more indica with this pheno, but still sativa dom.. 1.5x stretch Pheno #3 (10%) has the most stretch and longest bloom time.. Although she is more rare, I have grown her and love her! She grows foxtails/dreadlocks towards mid/late bloom... Expect smells and flavors ranging from cherry/pineapple/haze/vanilla.. 2x stretch Pheno #4 (20%) identical to Pheno #1 in every way, but has mostly a hazy smell.. Very good pheno for stealth grows.
